

REMARKS

The Examiner kindly indicated that Claims 6 to 8 were objected to and be allowable if rewritten in independent form.

Claim 6 provides for the second layer of the nail trimming belt to consist of sand paper. Accordingly, for convenience claim 6 is presented as claim 5 amended to replace the words "abrasive material" with --sand paper--.

As no other objections have been raised, it is submitted that the application is now in condition for allowance.

Respectfully submitted,

Ingrid Schmidt
